ENERGY POLICY

At **VIVEKANANDA COLLEGE**, we are dedicated to energy efficiency and sustainable practices. We commit to continuous improvement in our energy management and performance.

POLICY STATEMENT:

We will:

- **Continuously Improve** our energy management system to enhance energy performance.
- **Comply** with legal and other requirements related to energy use, consumption, and efficiency.
- **Ensure Availability** of information and resources necessary to achieve objectives and targets.
- **Review** the energy policy and objectives periodically to ensure they are aligned with the strategic direction of the college.
- **Promote** energy efficiency throughout all operations and activities.
- **Encourage** the entire college community to participate in energy-saving practices.
- **Communicate** the importance of energy efficiency to staff, students, and stakeholders.

IMPLEMENTATION:

- ✚ Establishing and reviewing energy objectives and targets.
- ✚ Monitoring and measuring energy use to identify areas for improvement.
- ✚ Educating and training staff and students on energy-saving practices.
- ✚ Incorporating energy-efficient technologies and practices in our facilities and operations.

REVIEW:

Regularly reviewing and updating the energy policy to reflect changes in regulations, technology, and college capabilities.

This policy is communicated to all members of the college community and is available to the public.
